## 2019 Dealership Benchmarks

Motor Industry Services
Cars | New Zealand

## The 2019 Deloitte Motor Industry <br> Services Dealership Benchmarks

It is our pleasure to present the 2019 Deloitte Motor Industry Services Dealership Benchmarks for the New Zealand car market. Our benchmarks are split into two market categories: the Volume Market and the Luxury Market.

2018 was a year of challenges for the motor vehicle industry. With constant year on year growth in both new and used vehicle volume (since 2012), the used vehicle import market in 2018 decreased by $10 \%$ on 2017 to around 147,000 units. However, new vehicle sales again reached another all-time high, growing to just over 161,000 units, a very slight increase on 2018 (1\%)

The benchmarks that follow reflect a challenging 2018 with pressures on market volumes and grosses impacting on dealer profitability and growth. Top $30 \%$ dealers continuing to deliver near $4 \%$ net profit to sales with the very top $10 \%$ of dealers consistently in excess of $4.5 \%$. Consolidation will continue to be a strong feature of the NZ Market through 2019, particularly between the top dealers and dealers that are overly reliant on strong new vehicle department gross contributions.

The benchmarks should be used as a guide to building a sustainable, long term business. The starting point is the data uploaded to the eProfitFocus system of more than 200 dealers in the New Zealand market for the 12 months leading up to the benchmark period. The performances of the top $30 \%$ of dealers are isolated and taken as the reference point for the benchmarks. This raw data is then adjusted to reflect contemporary industry and market circumstances as well as long-held best practices.

In addition, you will also find Customer Retention Management (CRM) benchmarks. CRM benchmarking is an excellent method for dealerships to monitor and set goals towards effective acquisition, satisfaction and retention of customers.

We are always happy to speak further with you on any aspect of these benchmarks so please feel free to contact a member of the Deloitte Motor Industry Services team using the details provided at the back of this booklet.

Volume Market

## Volume Market benchmarks

The Deloitte Motor Industry Services dealership benchmarks help dealers assess their performance against a hypothetical high performing dealer running a similar type of business operation.

Dealers who fall into the Volume Market classification tend to be dealers focussing on the volume side of the volume/margin equation. Characteristics of dealers in this segment typically have:

- Higher through-put (e.g. sales per sales person)
- Lower margins (e.g. gross per new vehicle retailed)

## A note about these benchmarks

Benchmarking is an excellent method of monitoring performance and setting goals. These benchmarks are a measure of 'best practice' as identified in the industry and represent the top 30\% of dealers in the eProfitFocus database of more than 200 dealers.

The intention of the benchmarks is to provide a 'guide only' for dealership performance. Some dealerships, due to certain geographic or demographic circumstances, cannot achieve all the guidelines.

For further clarification and interpretations of benchmarks please contact us at

| Interest (overdraft/working capital) | $1.2 \%$ |
| Bad debts | $0.1 \%$ |
| Depreciation | $2.5 \%$ |
| Electricity | $0.8 \%$ |
| Travel and entertainment | $0.7 \%$ |
| Miscellaneous | $4.7 \%$ |
| Total fixed expenses | $38.0 \%$ |

## Luxury Market

## Luxury Market benchmarks

The Deloitte Motor Industry Services dealership benchmarks help dealers assess their performance against a hypothetical high performing dealer running a similar type of business operation.

Dealers who fall into the Luxury Market classification tend to be dealers focussing on finding a balance in the volume/margin equation Characteristics of dealers in this segment typically have:

- Lower through-put (e.g. sales per sales person)
- Higher margins (e.g. gross per new vehicle retailed)
- A 'front-end' bias to their overall business orientation (i.e. more than half their gross profit is generated from selling new and used cars).

## A note about these benchmarks

Benchmarking is an excellent method of monitoring performance and setting goals. These benchmarks are a measure of 'best practice' as identified in the industry and represent the top 30\% of dealers in the eProfitFocus database of more than 200 dealers.

The intention of the benchmarks is to provide a 'guide only' for dealership performance. Some dealerships, due to certain geographic or demographic circumstances, cannot achieve all the guidelines.

CRM

## CRM benchmarking your dealership

In contrast to the generally accepted opinion, CRM is more than just a software solution. The best dealerships across the nation address the four pillars of comprehensive Customer Relationship Management equally.

## The four pillars of CRM

For benchmark dealers, CRM is a combination of the marketing, sales and service departments' activities of effectively acquiring, satisfying and retaining customers. CRM benchmarking is an excellent method of monitoring the relevant operational performance and setting transactional goals in dealerships.

## The five goals of CRM

1. Increase vehicle and service sales
2. Improve vehicle and service gross profits
3. Improve service retention and repurchases
4. Generate advocate customers
5. Reduce marketing expenses.

## CRM benchmarks

These CRM benchmarks are a guide of Best Practices as identified in the Australian and New Zealand Motor Industry. The displayed figures represent the benchmark of what dealers need to aim for when implementing successful CRM operations.

Some dealerships, due to certain geographic or demographic circumstances, cannot achieve some of the benchmarks in practice. Nonetheless, we consider these CRM benchmarks to be realistic as 'a reference point' for a typical dealership in the Volume and Luxury segments.

## CRM and marketing

Every customer relationship begins with effective marketing.

## Marketing effectiveness means:

1. Generate as many high quality Leads as possible
2. Increase return on every dollar spent in marketing
3. Improve customer experience.

Lead origin

| Channel and enquiry type | New vehicle | Used vehicle |
| :--- | ---: | ---: |
| Dealership website | $31 \%$ | $10 \%$ |
| Phone-ins (website phone number) | $21 \%$ | $5 \%$ |
| Walk-ins (website solicited) | $25 \%$ | $7 \%$ |
| Online lead providers* | $12 \%$ | $70 \%$ |
| Phone-ins (traditional media only) | $6 \%$ | $5 \%$ |
| Walk-ins (traditional media only) | $5 \%$ | $3 \%$ |
|  | $100 \%$ | $100 \%$ |

*Average of all lead providers
Marketing/advertising costs

| Per new vehicle | Volume | Luxury |
| :--- | ---: | ---: |
| Benchmark dealers | $\$ 224$ | $\$ 479$ |
| Average dealers | $\$ 226$ | $\$ 440$ |

## CRM and sales

How effective is your sales team at converting new market leads, referrals and repeat customers into sales.

## Sales effectiveness means:

1. Maximise closing ratios and F\&l penetration
2. Increase GP per sale and sales staff
3. Improve customer experience.

## The Road to Sale

| Conversion ratios | AVG staff | Top staff |
| :--- | ---: | ---: |
| Enquiries/leads** | $100 \%$ | $100 \%$ |
| Appointments* | $70 \%$ | $92 \%$ |
| Test drives* | $45 \%$ | $73 \%$ |
| Offers* | $33 \%$ | $58 \%$ |
| Sales* | $22 \%$ | $35 \%$ |
| F\&I contracts* | $7 \%$ | $12 \%$ |

| Units per month (based on BM) | Volume | Luxury |
| :--- | ---: | ---: |
| Test drives* | 25 | 17 |
| Offers* | 20 | 13 |
| Sales* | 12 | 8 |
| F\&l contracts* | 4 | 3 |

* $\%$ of enquiries/leads
** All channels: internet, phone, lead-providers and traditional

| Online lead handling | Response time |
| :--- | ---: |
| Benchmark sales staff | $<10$ minutes |
| Average sales staff | $<2$ hours |
| Minimum acceptable standard | same day |

## CRM and service

Once acquired, how do you retain customers in service?

## Service effectiveness means:

1. Increase service retention
2. Increase vehicle repurchase probability
3. Improve customer experience.

## Service retention

| Year after purchase | Metro | Rural |
| :--- | ---: | ---: |
| Handover/follow-up service | $100 \%$ | $100 \%$ |
| First year | $91 \%$ | $93 \%$ |
| Second year | $82 \%$ | $87 \%$ |
| Third year | $68 \%$ | $77 \%$ |
| Fourth year | $49 \%$ | $58 \%$ |
| Fifth year | $40 \%$ | $49 \%$ |

How many customers, who bought their vehicle at the dealership have their car serviced at the dealership again?

The customer retention funnel

## 'Creating customers for life'

(End of lease/out of warranty)

## Repurchase intention

| Customer type | Metro | Rural |
| :--- | ---: | ---: |
| All customers | $33 \%$ | $45 \%$ |
| F\&I | $50 \%$ | $54 \%$ |
| Non-F\&I | $24 \%$ | $37 \%$ |

The Big 4 CRM measures

1. Customer orientation

| New vehicle sales | Metro | Rural |
| :--- | ---: | ---: |
| Conquest customers (unsolicited) | $62 \%$ | $48 \%$ |
| Referral customers | $13 \%$ | $22 \%$ |
| Repeat customers | $25 \%$ | $30 \%$ |
| Total new vehicle sales | $100 \%$ | $100 \%$ |

2. Customer profitability*

| New vehicle customer profitability | National |
| :--- | ---: |
| Conquest customers (unsolicited) | $100 \%$ |
| Referral customers | $142 \%$ |
| Repeat customers | $193 \%$ |

* Customer profitability as \% of conquest business (100\%).

3. Dealership advocacy**

| Customer | National |
| :--- | ---: |
| Advocates - positive word of mouth | $80 \%$ |
| Indifferent customers | $18 \%$ |
| Detractors - negative word of mouth | $2 \%$ |
| ** The dealership's ability to create advocate customers. |  |

** The dealership's ability to create advocate customers.
4. Customers' perception of effort in dealing with dealership

| Effort | National |
| :--- | ---: |
| Customers who perceive low levels of effort | $82 \%$ |
| Customers who perceive neutral levels of effort | $11 \%$ |
| Customers who perceive high levels of effort | $7 \%$ |
